## NEWS/OPPORTUNITIES AT PURDUE

### MS AND PHD EAPS STUDENTS BROADEN YOUR GRAD EXPERIENCE

For those MS and PhD students in EAPS that would like to broaden their graduate experiences while at Purdue, EAPS is affiliated with the Computational Interdisciplinary Graduate Programs (CIGP) at Purdue. While working toward a graduate degree in EAPS, graduate students can also have a concentration (specialization) in the area of Computational Science and Engineering (CSE). For more information, [click here](#). A short video about the CIGP/CSE program can be found [here](#).

**Spring Application Deadline:** March 1

**Fall Application Deadline:** October 1

### EAPS GRAD STUDENT RESEARCH OPPORTUNITIES

If you are interested in an EAPS grad research opportunity, [click here](#) for more information.

## OUTREACH NEWS

Check out the latest Superheroes of Science podcast with Dr. Dan Dawson of Purdue EAPS!

Listen or watch here:

[YouTube](#) | [Apple](#)

**K-12 Outreach would like to ask for your help in getting this request out to professional organizations.**

Teachers are desperately requesting resources related to STEM careers. Please consider sharing what you do with students and teachers by making a recording.

**Calling all STEM Professionals!** Join our mission to inspire students and support educators! Students lack awareness of the vast possibilities in STEM fields. Teachers are tasked with integrating college and career readiness into their curricula. To support both students and their teachers, Purdue University College of Science K-12 Outreach is creating an extensive STEM Career Repository. We need YOUR expertise to make a difference! Record a short video (2-3 minutes) introducing the captivating work you do as a STEM professional. Help us shed light on

potential careers in STEM and ignite young minds with passion and curiosity!  
For the video, consider introducing yourself along with your job/career, then follow with important background information relevant to your job. Finish with something interesting that you do as part of your job.

Video clips (2-3 minutes) should be filmed horizontally and submitted to [mrsmith@purdue.edu](mailto:mrsmith@purdue.edu). If you would prefer, we can record you on Zoom. Many people are recording in both English and another language that they are fluent in speaking. If you do record in a second language, please let us know the language. Please share this request with your fellow professionals in the STEM fields to amplify our impact! Together, we can shape the future of STEM exploration and education. Let's inspire the next generation of scientists, engineers, and innovators! Connect with us and contribute to the STEM Career Repository:

<https://www.purdue.edu/science/K12/LabPages/careers.php>

**If you or your group has worked with or helped with an activity for K-12 students or teachers, please fill out the departmental outreach activity form.**

### **NOMINATE A COLLEAGUE FOR INCLUSIVE GEOSCIENCE AWARD!**

Do you know someone who is making a difference towards a more accessible and inclusive geoscience discipline for people with disabilities? Nominate them for the IAGD Inclusive Geoscience Education and Research (IGER) Awards! This award supports the vision of the IAGD to fundamentally shift the culture of the geosciences by creating a climate of access and inclusion, and fostering interest and engagement in geoscience academic and career pathways for people with disabilities. These awards are open to Earth science students, faculty and staff at all levels of academia (K-12 through university), as well as geoscience professionals outside of academia, who exemplify what it means to live and work inclusively in the classroom, lab, field or workplace. The IAGD will recognize one or two IGER Award winners each year selected from the entire pool of nominees.

**Nominations for the 2023 award are due August 20th.** Requirements and a link to the application can be found on the IGER page of the IAGD website: <https://theiagd.org/iger/>

### **7TH MIDWEST STUDENT CONFERENCE ON ATMOSPHERIC RESEARCH** **September 30-October 1, 2023**

Showcase your research at the 7<sup>th</sup> Midwest Student Conference on Atmospheric Research ([MSCAR](#))! MSCAR is a 2-day conference with student talks and poster sessions, guest speaker seminars, workshops and more, and we welcome all undergraduate and graduate students to join us and learn about Atmospheric Sciences. It will be hosted on September 30 - October 1, 2023 at the University of Illinois Urbana-Champaign, in-person with a hybrid component. **Abstract submissions open on August 1st.** A hotel block is available! Save the date and follow us on Twitter (@MSCAR\_Illinois) to learn the most updated news about the conference!

---

**FREE COURSE PROVIDED BY THE ASSOCIATION FOR  
WOMEN GEOSCIENTISTS**

American Geosciences Institute, in partnership with the AAPG Foundation is offering AGI Member Societies FREE access to the Geologize online course, "Practical Geocommunication." This course, valued at \$400 per person, provides an excellent opportunity for geoscientists to become more effective and powerful public ambassadors for our field, something that is urgently needed. Given the challenges facing both our field and society more broadly, it has perhaps never been more vital to effectively communicate geoscience to the public and other stakeholders. **The free offer is available for one year**, so you are encouraged to take advantage soon!

How to get free access to the training:

- Go to the AGI [society landing page here](#).
- Click on the 'AGI Access' button
- Register for the course (free)
- Click on the link 'Have a Coupon?'
- Enter the code 'awg-agi-pggz-2324' to remove the price.

**SCHOLARSHIPS AVAILABLE -**

**INTERNATIONAL ASSOCIATION FOR GEOSCIENCE  
DIVERSITY  
STUDENT PATHWAYS SCHOLARSHIP**

This scholarship is a one-time award of \$500-\$1000, depending upon the number of applicants, for students with disabilities pursuing fields of study within the geosciences. This scholarship is open to both full-time and part-time students and can be used to cover the cost of tuition, rent, bills, or other financial obligations they may be dealing with.

**Deadline for entry is October 1, 2023.**

**AWG BRUNTON AWARD AND  
BRUNTON FIELD PROJECT AWARD**

The AWG Brunton Award and Brunton Field Project Award promote the future of field mapping and data acquisition for the upcoming generation of people whose gender identity has been historically underrepresented in the geosciences. Applicants should have a passion for and exceptional experience with field work, including internships, field camp, coursework with a field-based research component, or research. The AWG Brunton Award has been active for >20 years and provides Brunton compasses to 1–2 awardees each year. The AWG Brunton Field Project Award started in 2022 and awards a Brunton compass and up to \$1000 to support field activities to each of 1–2 awardees each year. [Learn more here](#). **Deadline for entry is Dec. 15<sup>th</sup> of each year.**

# POSITIONS AVAILABLE- CAREER OPPORTUNITIES

## NATIONAL GEOSPATIAL-INTELLIGENCE AGENCY INFORMATION SESSION

**NGA**  
NATIONAL GEOSPATIAL-INTELLIGENCE AGENCY

### Information Session

**U.S. Citizenship Required for Applications**

Are you looking for a position to develop your skills, enhance your career potential, and make a global difference?

As a member of NGA's elite workforce, you will see first-hand how the work you are doing supports homeland security, disaster relief, and our nation's warfighters.

NGA recruits broadly across many disciplines including Environmental Studies, History, Global Studies, Linguistics, Anthropology, Political Science, Economics, Geography, GIS, Geophysics, Biochemistry, Math, Statistics, Computer Science, Physics, Computer Engineering, Mechanical Engineering, Electrical Engineering, History, Global Studies, Linguistics, Anthropology, Political Science, Economics or related disciplines.

Join this information session to learn more! <https://careers.nga.mil/>

Sep 6th, 2023 | 1:30 – 2:30 pm ET | HAMP 2113

## UNITED AIRLINES ASSOCIATE ANALYST – METEOROLOGY SUPPORT

The Meteorology Support Analyst will build high-quality weather forecasts and decision-support products tailored to the outstanding needs of operational personnel and locations within and outside of the Network Operations Center (NOC), including airports and other partner organizations. The entry-level Analyst will contribute to a key pivotal initiative to craft and deploy an enterprise-wide weather forecast services function supporting frontline stakeholders across multiple operational groups. Apply [here](#).

## POSITIONS AVAILABLE GEOSYNTEC CONSULTANTS

Multiple [positions](#) are open with Geosyntec.

## DATA ASSIMILATION SCIENTIFIC PROGRAMMER

CIRES/NOAA GSL has a job opening for a Data Assimilation Scientific Programmer. The Scientific Programmer will use and advance the JEDI software for RTMA and RRFs applications. In particular, work toward continuous assimilation approaches, analysis uncertainty estimation, and analysis of complex physical diagnostics will be prioritized. The development will take place in both NOAA High-Performance Computing environments and cloud computing environments. The candidate will have the opportunity to contribute to experimental and future operational RTMA

prototypes including real-time experiments and the evaluation of RTMA by developers and interested parties. The candidate will work collaboratively with the GSL and EMC development teams, as well as the larger RRFs and UFS modeling community.

[Apply here](#)

## NYS MESONET FIELD TECHNICIANS

[NYS Mesonet](#) is hiring two field technician positions to maintain and repair 126-site standard network and 85 subnetwork sites. Competitive pay + benefits, learn more and [apply here](#).

## MONTANA MESONET FIELD MANAGER, MONTANA CLIMATE OFFICE

The Montana Climate Office within the W.A. Franke College of Forestry and Conservation and at the University of Montana is seeking applications for an Applied Meteorologist/Mesonet Field Manager position. The Mesonet Field Manager (MFM) will oversee the installation and maintenance of climate monitoring stations (Montana Mesonet) across the state. The MFM will lead three Mesonet field crews: three full-time technicians and six seasonal employees in the construction and maintenance of the Montana Mesonet and ensure high-quality performance and operation of all stations. The Montana Mesonet is being developed through a US Army Corps of Engineers (USACE) award to the Montana Climate Office. [Link](#)

## TEACHER OF PLANETARY ATMOSPHERES – ISAE-SUPAERO IN TOULOUSE

The teacher-researcher selected will be attached to the DEOS department of ISAE-SUPAERO. She or he will contribute to the development and animation of research around their own themes. She or he will ensure the fundamental missions of a teacher in his field of competence (face to face teaching, management of teaching programs). She or he will also be responsible for maintaining and developing relations and cooperation with regional, national and international academic and industrial partners. [Link](#)

---

**MULTIPLE POSITIONS OPEN WITH ENVIROFORENSICS**

EnviroForensics is hiring! We're looking for motivated and collaborative individuals to join us as a Project Manager (Indianapolis or Louisville), Staff Professional (Indianapolis), Field Professional (Indianapolis), and Field Technician (Indianapolis). If you're interested in joining our team, visit our Careers and apply today! [Click here to apply](#)

---

**ASSISTANT PROFESSOR OF ENVIRONMENTAL & GEOSPATIAL SCIENCES - WESTERN KENTUCKY UNIVERSITY**

The Department of Earth, Environmental, & Atmospheric Sciences (EEAS) at Western Kentucky University is seeking highly qualified applicants for a 9-month tenure-track Assistant Professor of Environmental & Geospatial Sciences position beginning August 2023. [Learn more here.](#)

---

**INDIANA EHS ADVISOR JOB POSTING**

U.S. Compliance: Searching for high performing EHS professionals who want to make a difference. Join our fast-growing EHS compliance firm to help us care for people, Protect the environment and grow our clients' business. [Link to posting.](#)

---

**METEOROLOGIST POSITIONS AVAILABLE TEGNA**

Multiple [meteorology positions](#) are open with TEGNA.

---

**BRYAN ENVIRONMENTAL CONSULTANTS**

Homewood, IL

**SEEKING PART-TIME TO FULL-TIME POSITIONS**

- Bachelor's or Master's degree in environmental engineering, civil engineering, geotechnical engineering, geology
- Knowledge of State and Federal environmental regulations a plus
- Experience with Phase I and II Environmental Site assessments a plus
- Strong writing skills
- Proficient in all Microsoft Office applications
- Must have cell phone and computer (laptop)
- Valid Driver's License

---

**POST-DOC OPPORTUNITY - AIR FORCE SCIENCE & TECHNOLOGY FELLOWSHIPS**

The National Academies of Sciences, Engineering, and Medicine administers postdoctoral and senior research awards at the U.S. Air Force Research Laboratory (AFRL), the U.S. Air Force Institute of Technology (AFIT), and the U.S. Air Force Academy (USAFA) under the [Air Force Science & Technology Fellowship Program \(AF STFP\)](#).

Seeking highly qualified candidates who are U.S. citizens and hold, or anticipate earning, a doctorate in a variety of fields of science or engineering.

**Application deadline dates (four annual review cycles): February 1, May 1, August 1, November 1**  
Awardees have the opportunity to:

- Conduct independent research in an area compatible with the interests of the Air Force laboratories
- Devote full-time effort to research and publication
- Access the excellent and often unique Air Force research facilities
- Collaborate with leading scientists and engineers
- Awardee benefits:
- Base stipend starting at \$76,542; may be higher based on experience
- Health insurance (including dental/vision), relocation benefits, and a professional travel allowance

Applicants should contact prospective AFRL, AFIT and USAFA Research Adviser(s) at the lab(s) prior to the application deadline to discuss their research interests and funding opportunities.

For detailed program information, to search for AFRL, AFIT, and USAFA Research Opportunities, and to contact prospective Research Adviser(s), visit [www.nas.edu/afstfp](http://www.nas.edu/afstfp).
